

Beyond Bricks and Mortar Webinar Series:

Asset Management Foundations

Thank you for joining the Asset Management Foundations webinar! Below are some resources to accompany the training:

[BC Housing: Guide to Building Handover](#)

BC Housing created these guidelines to streamline the handover process and enable Owner/Operators to improve building operations. This document guides the Development Team in preparing to turn over the building and the Owner/Operator team in preparing to operate the building.

[BC Housing: Housing Provider Kit Managing Housing Assets Guide](#)

This guide contains information on building maintenance, maintenance and capital planning, capital renewals (repair/replacement of existing building components), and new construction projects for non-profit housing societies and co-operatives. These resources are designed to increase the capacity of the non-profit housing sector and prolong the useful life of affordable housing developments. Has a very handy Sample Maintenance Checklist.

[BCSTH: Developing Women Centred Housing Toolkit](#)

This toolkit provides an overview of the development process for affordable housing projects for organizations providing housing to women and their children who have experienced violence or are at risk of violence.

[BCSTH Online Course: Foundations in Women-Centred Housing](#)

This course covers foundational Long-term Housing knowledge including a Women-Centred Housing Model, exploring the Housing Continuum, and the Residential Tenancy Act. It is designed for BCSTH members who are new to Long-Term Housing.

[BCNPHA Asset Management Web Page](#)

A good starting place for all things asset management at BCNPHA. Please note, you do not need to be a BCNPHA member to access many of their services.

[BCNPHA Asset Management Foundations Online Course](#)

Asset Management Foundations provides a broad overview of facilities' operations and maintenance. Participants will gain a basic understanding of residential buildings, maintenance, and the management of an operations and maintenance program. Because this course covers the basics, it is an ideal place for new building managers, tenant volunteers, administrators and maintenance personnel to begin. It serves as a starting base for BCNPHA's Operations and Maintenance Program, as well as a great primer for board members unfamiliar with the ins and outs of operations and maintenance. *Accessible for BCNPHA members and non-members.*

[AHMA Asset Management Web Page](#)

A good starting place for all things asset management at AHMA and how to become an AHMA member.

Remember that BCSTH Members have access to helpful operations resources in the BCSTH Member portal.

If you have any questions or would like to share a resource with the BCSTH Membership, please email, Jess at jessicagoerzen@gmail.com
