- At the end of the registration process, you have the option to create a Whova account (**which you will need to access the ATF event page**). For those that attended last year’s ATF, you should already have an account set up. Double-check that the app is installed on your phone, and log in using **your existing account email and password**. You must use the same email as you did last year in order for Whova to recognize your account.
- For those new to Whova, you can create an account by using your email and creating a password- this step is recommended as it will take you directly to the event page after you have completed your registration. If you choose *not* to create an account at this time, you can proceed with the registration process by selecting “**Continue as a guest.**”
